

ACTIVITIES
OF THE SESSION
(2024-25)

PLANTATION ACTIVITY

REPORT

The goal of this activity was to raise awareness among students about the significance of trees in maintaining a healthy environment. Students were involved in planting various types of trees and plants in the school garden. The activity aimed to instill a sense of responsibility in students to protect nature and contribute to a greener planet.

DRAWING COMPTION

HINDI ACTIVITY

REPORT

The objective of this activity was to engage students in learning Hindi in an interactive and enjoyable way. By using activities, the aim was to improve their speaking, reading, and writing skills in Hindi while making learning fun.

SCIENCE ACTIVITY

REPORT

Teaching science through activities is an effective way to engage students, enhance their understanding, and develop critical thinking skills. Hands-on experience make learning more interactive and enjoyable, allowing students to explore scientific concepts in a practical and meaningful way.

MATHS

REPORT

Teaching mathematics through activities fosters a love for learning and builds strong foundational skills in young children. By incorporating engaging, hands-on experiences, teachers can make maths an enjoyable and meaningful subject for students.

ENGLISH DEBATE

(AI TEACHER Vs HUMAN TEACHER)

REPORT

The debate about whether AI (Artificial Intelligence) teachers should replace human teachers for young students is gaining attention. On one hand, AI technology is becoming more advanced, and its supporters argue that it can be a great tool for personalized learning. On the other hand, human teachers offer important qualities that AI can't replicate, such as emotional intelligence, creativity, and the ability to understand the unique needs of each child.

MOCK ELECTION

REPORT

To help students understand the democratic election process by conducting a mock election in class.

INDEPENDENCE DAY
