

DAV RAO HARISHCHANDRA ARYA PUBLIC SCHOOL NAGPUR

Report on Van Mahotsav Celebration

Date: 25th July 2026

DAV Rao Harishchandra Arya Public School, Nagpur, celebrated Van Mahotsav with great enthusiasm on 25th July 2026 to promote environmental awareness and encourage students to contribute towards a greener future. Students from Classes I to IX actively participated by bringing medicinal and kitchen garden plants such as Tulsi, Aloe Vera, Mint, Curry Leaves, Coriander, Spinach, Fenugreek, Tomato, and Brinjal, each labelled with their name and class.

The plantation drive was conducted within the school campus, where students, teachers, and staff together planted the saplings and learned about the importance of trees in maintaining a healthy environment. The activity highlighted the role of plants in providing clean air, conserving water, supporting biodiversity, and combating climate change. Environmental awareness campaigns commonly use school-based plantation drives to instill responsibility towards nature from an early age.

The programme inspired students to become responsible citizens and reinforced the message that every tree planted today helps build a healthier and greener tomorrow. The celebration concluded with a pledge by all participants to care for the plants and continue protecting the environment.
